

In December 2006, the Act of local police was adopted (OG RS, Nr. 139/2006 and 9/2017). It regulates the jurisdiction of the city municipality for the foundation and organization as well as defining the scope and tasks of municipal police officers, it defines conditions for performing tasks of officials in the Municipal police department, mandate, uniform, designation and equipment of municipal police officers, content and keeping of records.

What are the scope and tasks of Municipal Police officers ?

As a prosecutory body of City of Ljubljana, in the framework of and in line with regulations, the Municipal Police Department ensures the preparation of Municipality of Ljubljana's safety programme and on its basis take care of public safety and public order in Ljubljana and is competent:

- to supervise safe and unobstructed road traffic in residential areas,
- to ensure road and environmental safety,
- to take care of safety on public paths, recreational and other public spaces,
- to protect public assets, natural and cultural heritage,
- to maintain public order and peace,
- to manage the prosecution process in line with legislation,
- to keep records as prescribed regarding formal measures and in connection with the prosecution process.

Parking for private vehicles, buses and caravans

Our parking policy gives priority to parking in the vicinity of healthcare, supply, educational and other public services while limiting parking in the city centre. The practice to date shows that certain order in stationary traffic can be established with the introduction of traffic payments which are harmonised with the responsible District Community and numerous other stakeholders. Parking in Ljubljana is managed in zones. Above all the use of the P+R system is promoted. Payment of the parking fee can be made with the smart city card Urbana, Urbana SMS-Parking service or the Urbana mobile application.

Parking for tourist buses in Ljubljana is provided in seven parking lots, with 90 available parking spaces on the side of the street, 13 of them short-term. For exact locations click on www.ljubljana.si More about parking in time restricted parking zones, parking prices, parking locations, P+R facilities and parking for motorcycles, tourist buses, caravans and cargo vehicles is available at the webpage of the parking management service – the public company Ljubljanska parkirišča in tržnice d.o.o.

How can I park without breaking the rules or threatening others in traffic ?

I should park so that a secure and free-flowing way is ensured, especially for the most vulnerable traffic participants (e.g. children pedestrians, cyclists, etc.), parking places for disabled can be used, and that traffic flow is possible, which is one of the key tasks and priorities of Ljubljana City Warden.

The vehicle should be parked:

- according to traffic code, and on designated areas,
- so that it does not provide obstacles, does not hinder or jeopardize other traffic users.

Where can I charge my electric vehicle?

Public Charging

They're typically installed in apartment building and public parking garages, retail parking lots, at new-car dealerships, and even on some urban street corners. Many public charging stations still offer free charging, while others exact a fee that varies according to the operator.

Parking of rented electric vehicles is only allowed in marked parking areas with a parking permit issued by the competent authority on the basis of an application for a period of one year.

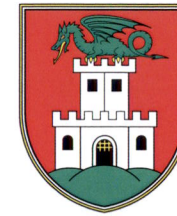

I would like to pay using a payment slip. How do I fill it in to ensure that the fine is paid correctly?

You can pay the fine using the enclosed payment slip – the UPN (Universal Payment Order) form. If you want to pay using online banking or if you are filling in a payment slip, enter the following data:

Transaction account: SI56 0126 1461 0566 850
 Reference: SI12 7560XXXXXXXXXX (the eight digit number of the payment order followed by the control number that you should copy from the attached payment slip, e.g. 7560280357213).
 Purpose code: COST
 Recipient's bank BIC: BSLJS12X
 The amount of the fine to be paid
 Payer data
 Recipient data: MESTNA OBČINA LJUBLJANA (Ljubljana City Municipality), MESTNI TRG 1, 1000 LJUBLJANA
 Purpose: FINE FOR OFFENCES

The fine can also be paid in any bank or post office branch.
